Gaziantep Factory

From our fertile lands to the world...

The story of a journey extending from the fertile and hot seasons of Southeastern Anatolia to hot plates. This story is an expression of our efforts to bring richness of nature and our toils to your tables..

Upon the mission of good nutrition for all people, we deliver our healthy and delicious products to the world's tables by producing them at world standards, with our commitment to naturalness by using the durum wheat obtained from the fecund lands of Southeastern Anatolia.

Modern production at high standards

We, as Oba Makarna, use all the possibilities of technology and the modern world. We produce our products at world standards with our state-of-the-art technology and high-capacity lines in our modern production facilities in Gaziantep and Sakarya cities. We aim for quality foodstuffs with our fully computer-controlled integrated modern systems, the most advanced control devices and expert teams in laboratories.

Sakarya Factory

On the tables of more than 100 countries!

We are proud of bringing the purest taste of our country to all kitchens in the world with the inspiration we draw from nature. By means of our well-established company history and experience, we are being guests of the tables of more than 100 countries from Africa to the Far East, from Asia to the American continent with our flour and semolina products and especially with our pasta. We are proud of being the Turkish Export Champion in the pasta industry for 12 years and we are always moving forward.
